Toyota Financial Services (TFS) Commercial Finance

Full Spectrum Financing

Opportunities that could save you money and make your life easier.

Introducing Full Spectrum Financing, your total financing solution from Toyota Financial Services.

TFS already offers financing for material handling, commercial trucks and automotive fleets for commercial applications that you buy from your Toyota dealer. Now, we can also finance many types of commercial equipment that you purchase from other suppliers.

A Whole New Approach to Financing

With Full Spectrum Financing from TFS, your Toyota dealer can offer you financing options for a broad range of products, not just the ones you buy from Toyota.

One-Stop Purchasing and Financing

Life today is complicated enough. You need simple, convenient, turn-key solutions. That's exactly what TFS Full Spectrum Financing offers—a complete package of products and financial services. We make it easy for you.

- Single-source financing for multiple products
- A single point of contact—your Toyota dealer
- A single transaction document
- A single lease agreement
- A single financing invoice

Why go elsewhere for commercial financing, when in many cases you can get everything you need from Toyota Financial Services?

Flexibility and Convenience - the Best of Both Worlds

TFS Full Spectrum Financing offers a unique variety of customizable asset options to meet your unique needs

Competitive Pricing. Maximize your buying power by minimizing your sources of credit.

Improved Asset management. Single-source financing helps you manage the economic life of your assets more efficiently.

Financing a Full Spectrum of Products

In addition to material handling, commercial truck and automotive fleet products used in commercial applications, examples of the wide variety of items covered by TFS Full Spectrum Financing include:

- Commercial trailers
- Management Systems
 - » RFID, Inventory Control
 - » AGV
 - » Packaging Materials
- Dock Equipment
- Hoists
- Cranes
- Yard Spotters
- Lift Trucks
- Aerial Lifts and Platforms
- Personnel Carriers
- Tuggers and Cards

TFS will evaluate all the equipment you plan to purchase from Toyota and other suppliers and advise your Toyota dealer early in the initial review process if we are unable to provide financing for any of your items.

Streamlined Approval and Funding

Our single-source financing maximizes efficiency and minimizes paperwork. All TFS needs to get the Full Spectrum Financing review and evaluation process started is some basic information about you, the products you're ordering and your financing needs. Your Toyota dealer will help you put this information together.

Once your application for TFS Full Spectrum Financing has been approved, you can take delivery of the various items you have purchased from your Toyota dealer and other suppliers just as you normally would. TFS will fund all your equipment suppliers for the items we have agreed to finance.

A Full Spectrum Financing solution to save you money and make your life easier

At Toyota Financial Services, we deliver total financing solutions that help you save time and money.

TFS is the only financial services provider in the industry that knows the commercial automotive business. We understand your needs. Full Spectrum Financing was created with you in mind.

Take advantage of TFS Full Spectrum Financing

Contact your Toyota dealer, and let them customize a TFS Full Spectrum commercial financing program for you today.
